Award filed Sept 2/67

J. Moynahan (Clerk)

Walkerville, September, 1907.

I

The Engineer appointed

by the Municipality of Sandwich South in the County of Essex, Province of Ontario under the provisions of the Ditches and Water Courses Act having been required so to do by the requisition of Mrs Lillie quick owner of the East part of Lot number Seventeen in the Tenth Concession of the Township of Sandwich South filed with the Clerk of the said Municipality and representing that she requires certain work to be done under the provisions of the said Act for the drainage of said lands and that certain other lands described ~~and~~ roads would be affected.

I attended at the time and place by me appointed in my notice in answer to said requisition having examined the locality and heard the interested parties find that the drain is required,

The location and description of said ditch or drain being as follows:

The drain on the West side of the Eleventh Concession Road shall be deepened, enlarged and improved from a point opposite the middle of Lot 17 and extending Northerly to stake 10 opposite the limit between the Northerly and Southerly halves of Lot 18 and at the South Easterly angle of lands of Martial Voligney <sup>from which point a new ditch shall</sup> be constructed Westerly along the Southerly limit of lands of the said Martial Voligney and across a lane owned by Denis Behan to its outlet into the Little Tenth Concession drain a distance of about 136 rods, the Southerly side of said new ditch shall be placed two and one-half (2.1/2) north of the line between the North and South halves of said lot 18.

The said drain on the West side of the Eleventh Concession and the new drain from the said Road to the Tenth Concession Drain shall be constructed to the depths, widths and slopes to conform with the accompanying *profile*.

Along the West side of the Eleventh Concession Road the excavated earth shall be cast into the adjoining field or as may be otherwise disposed of by the owner of the adjoining lands *and Engineer*

From stake 10 to the Little Tenth Concession Brain the excavated earth shall be cast on the North side of said ditch and spread over a space not exceeding four rods in width and leaving a clear berm of four

feet on the Northerly edge of the ditch.

An eighteen inch vitrified culvert pipe shall be laid under the lane owned by Dennis Behan.

Fences and Farm bridges required to be moved during construction shall be replaced in as good a condition as at the commencement of the work.

The drain as above described will benefit the following lands and roads.
