RULES AND REGULATIONS

1—Except when down for the purpose for which it is intended, the receiver should always be in its proper place on the hook, and never use the instrument during a thunder storm.

2—Always ascertain if the line is in use before ringing, in order to avoid the conversation of others.

3—If the line is not in use and you desire a party on your line, give the proper rings.

4—If you desire to call Central, press the button on the side and give a full ring. Give Central your name, and the number and ring of the person wanted.

5—Before beginning a conversation the person calling and the person answering must give his or her name in order to prevent a useless waste of time to both parties and others needing the telephone. When you have finished your conversation the person who called should hang up the receiver and give one short ring.

6—No person shall be permitted to use the 'phone for more than 3 minutes at any one time. Any person who refuses to cease talking at the expiration of said time when requested to do so by any subscriber, who desires to use the 'phone, will be fined 50 cents for each and every offence.

7—Common conversation shall not be permitted when the use of the line is required for business or long distance messages, and local messages must give place on the line to long distance messages; any person refusing to give the use of the line for said purpose upon summary conviction is liable to a penalty of \$50, or three months imprisonment with or without hard labor (C. 146, R.S.O. 1906).

8—Any person who permits or allows the 'phone in his premises to be used improperly shall be liable to have his 'phone disconnected, and if disconnected will not be again connected until the offending party pays the cost caused by his abuse, and give a satisfactory bond to use the 'phone properly.

9—No abusive, profane or obscene language shall be permitted to pass over the line, and any person so offending shall be fined the sum of \$5, and his 'phone will be disconnected.

10—No person shall be allowed to take down a receiver for the purpose of listening to a message passing over the line, and any person doing so will be fined 50 cents for each and every offence.

11—Other offences will be dealt with as the Council or Committee appointed by the Council, may deem just and according to such further rules and regulations as may be made from time to time.

12—Each subscriber is held personally responsible for the proper care and maintenance of the telephone installed in his premises, the renewal of batteries, and all repairs of the instruments, unless due to defects, and shall not be permitted to open or change the position of the instrument unless he receives permission.

13—The subscriber, members of his family, employees and guest are entitled to the free use of all the party lines forming part of Sandwich South Telephone System during regular hours; but every non-subscriber shall be charged the sum of ten cents for every call over said system during regular hours, and same shall be charged to the subscriber whose 'phone is used.

14—The regular hours are from 8 a.m. to 9 p.m. on week days, and on Sundays from 8 a.m. to 10 a.m. and from 1 to 9 p.m.

15—An additional sum of 10 cents is charged for hours other than those mentioned in Section 14.

16—For calls to Essex and Windsor to subscribers there will be a charge of 5 cents; to Detroit, 10 cents, and long distance calls on the Bell Telephone Co. the cost of the same.

17—Accounts will be rendered to each subscriber quarterly who may

18—All accounts or fines imposed not paid at the Central Office will be placed on the Collector's Roll and collected in the Taxes.

19—Eight short rings is a general call for every subscriber on the line.

RECOMMENDATIONS

Subscribers should see that all slack is kept out of their run offs, —this can generally be done by putting a purchase on the pole nearest the house and shortening the anchor wire; they should see that no brush is allowed to bear down on the wires, nor to remain so close as to be beaten against the wires by the wind.

Jewelry Leads

—As A Gift

YOU will find it hard to excell a Piece of Jewelry as a Gift. There is something about it that seems to show the friendship or love of the giver in a better way than any other article. A

Watch, a Ring, a
Brooch, Locket or Bracelet

IS something that will give lasting pleasure to the wearer. We invite you when in Windsor to look over our stock of

Watches, Jewelry, Clocks, Etc.

WE are showing at the present time the largest and best stock we have ever had. We also do a large Optical Business, having two Graduate Opticians in attendance- We test eyes Free.

Windsor
Business College.

Mr. Farmer...

If you use equal wisdom in selecting a Business College for your sons and daughters as you use in choosing seeds and soils their future will be bright.

If we fail to do as we advertise we
will give you a free course.

We have advertisements of other
schools that are full of deception
and impossibilities.

A FACT—Four business concerns that tried pupils from another school and found them "no good" recently came to us for help.

Young people coming to us from
other schools where conditions were
very disappointing.

The character of the school will
MAKE or MAR the life of your son
or daughter.

A young man from a position promising school related his story of
WOE and DECEPTION to us during holidays. It is the oft-repeated
story as we know many who have been fooled.

1912-13 will be Banner year of the
Cadman College.

700 positions offered us in two
years.

This is the only Canadian Business College within forty miles with
a full staff of teachers, a complete typewriting outfit and a modern busi-
ness practice equipment of offices, currency and goods.

Two lessons per day in Shorthand. Day and night classes.
Elevator at our doors.

IT PAYS TO TRADE AT
BANWELL'S
WINDSOR

**For Every Dollar Spent in This Store You Will
Receive One Hundred Cents Worth in Return.**

You will find here almost everything pertaining to the farm—farming machinery of all kinds:—

We are sole agents in Windsor for the celebrated Gray Sons' Buggies, Carriages and sleighs, the Melotte Cream Separators, the Chatham Kitchen Cabinets, the well known Deere & Mansur Corn Planter (everyone knows there is no planter as popular as the Deere & Mansur). We also handle the Tiger Transplanter—you can plant your tobacco, your potatoes, your tomatoes, your cabbage, etc., with this machine—why do you pay fifteen to twenty dollars more for a machine that is no better?

If it is a harness you want come here for it. We manufacture and sell more harness than any two dealers in Windsor. Why? Because we use the best leather money can buy, and our workmen are the best to be had. For sixteen years we have been making harness, and the thousands of users of our product will testify to the value of BANWELL'S HARNESS.

**DO NOT PAY FANCY PRICES
TO AGENTS ON THE ROAD..**

I have no agent to bother you. It costs too much; some one has to pay him. WHO IS IT? WHY, THE FARMER, OF COURSE.

I buy goods in large quantities, and sell direct from my store, giving the benefit to my customers.

No matter what you need, get my price, and prove to your own satisfaction that we can sell you goods at right prices.

We handle the largest stock of Buggies in the county. The entire second floor of our large warehouse is full of different styles for your inspection.

Come in and see something up-to-date.
