JUNE BULLETIN

MESSAGE FROM THE PRESIDENT

Someone I believe it was Ben Franklin, a famous early American said "the pen is mightier than the sword", well this pen tries not to be mightier but only to try and bring all our needs to your attention. Many many times as I have read articles in newspapers and other Association Bulletins that have been written by people who have a way with words and how we could use one of these people.

As school draws to a close once again, let me take this opportunity to thank each and every one of the drivers who have done such a fine job over the past year in overcoming the many obstacles placed in their way such as ice and snow, besides flat tires, broken drive shafts, not to mention those crazy drivers who ignore school bus signs and the flashing lights.

Having a common need is supposed to draw people closer together, well lets hope it so because if we ever needed to stick together to accomplish something the time is now because we have the reason "Its called a BANK LOAN" and we shall have a beauty shortly.

The new Workshop is about finished and we are borrowing the remainder of the money to finish paying the contractor and finish as much as possible around the building outside, so if the saying holds true, we all now have a common problem TO REPAY THIS LOAN.

If each and everyone of us tries our best, then there is no doubt in my mind we will own the building free and clear in the not too distant future, but for now we can cut our costs somewhat if we have some volunteer help available to do some of the work outside the building. We will need help in the grading and planting of the lawn and some work to be done inside so if you would care to help some evening or a Saturday or such, let us know so we can set up some kind of a work program.

We will also be looking for furniture for the lunch room, we need enough tables and chairs to seat fifty people so if anyone knows a Club or a group who would like to help furnish the lunch room, let us or better still, let them know about our needs.

I will close for now with a thanks to all those who helped in the past school year and extend my thanks to those who are about to help.

STANLEY WELSH, PRESIDENT

ATTENTION PLEASE

HOLD this rectangle to your face and blow on it, if it turns green, call your physician. If it turns brown, see your dentist. If it turns purple, see your psychiatrist. If it turns red, see your banker. If it turns black, call your lawyer and make a will. If it remains the same color, you are in good health, and there is no reason on earth why you should not be able to give a hand for some of the work that has to be done at the new Workshop.

LADIES AUXILIARY

1. LADIES - kindly remember the donation boxes in the stores and try to renew them before the summer holidays. You can get coin wrappers at the bank and count and wrap it please.

2. It has been quite some time since we've had an Auxiliary Meeting - mainly because of the so few that turn up. I know that most of you are behind us but Katie and I don't like making all the decisions. There will be one maybe two very important Auxiliary Meetings in September, a date hasn't been set yet but notices will be sent out in advance. (continued)
